The school is offering the IGCSE and IBDP in the high school to help students apply overseas universities.

We are dedicated to connecting the educational excellence of the East and West to create a pupil-centric, bilingual and bicultural learning experience. Inspiring our children to be the best version of themselves, to take pride in where they come from and to be the change they wish to see in the world. This will be based on a model that establishes a strong understanding of the rich and deep heritage and culture of China and being Chinese, while also establishes the values, aptitudes and knowledge needed to be an effective global citizen. We aim to prepare pupils for success during and after life at the school.

Within a culture of shared vision, mutual respect, connection and belonging, open communication and inclusive practice, the teacher will form an integral part of a close team who aspire to continually develop and evolve in their personal and professional development. Half of our teachers are English-speakers and half are Chinese. It is our desire to imbue every pupil with our five core values: courage, integrity, respect, kindness, and responsibility.
