**ABOUT HUILI NURSERY**

“

*Our curriculum is challenging yet inspiring, providing high academic excellence in all subjects which is enhanced with our unique approach to all-round education. We are passionate in our belief that all children are talented and that our role as educators is to unlock every child's potential.*

”

Kathryn Richardson  
Master of Wellington College Hangzhou

At Huili Nursery Hangzhou, we believe that every child has the right to a well-planned, joyful and well-rounded education. Early years education has a lifelong impact on how young children view and value learning. Key to our educational ethos is full commitment to the Nursery, with staff, children and parents all playing their parts in creating and maintaining a truly unique and vibrant atmosphere. Our Nursery staff are committed to encouraging the children to embrace a wide range of experiences and to foster our Huili Values and Identity.

In furthering the delivery of international education in a Chinese context, we have merged the UK EYFS Development Matters with the Chinese curriculum for 3-6 year olds to support our children.

# Curriculum overview

As a bilingual nursery, we work towards learning outcomes in communication, language and literacy in both English and Chinese. There are seven areas of learning and development that shape our educational programmes.

## Three prime areas

Personal, social  
and  
emotional development

Communication  
and  
language

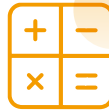

Physical  
development

## Four specific areas

Literacy

Mathematics

Understanding of the World

Expressive arts and design

In addition, we have three specialist teachers:

PE

Atelier

Music

## Learning spaces

We aim to provide caring and inspiring learning spaces which are built on positive relationships and developing the whole child emotionally, socially, physically and academically. As well as offering a wide range of learning opportunities, the continuous provision of resources available to pupils allows for independent accessibility and the teaching of new skills in culturally meaningful contexts.

# Community

## Parent partnership

We believe that education is a journey to be shared and that only by working in collaboration and in support of each other, can each unique child be offered a comprehensive learning experience.

## Friends of Huili

Every parent becomes a member of Friends of Huili upon joining the nursery. Friends of Huili (FoH) is an association which includes all parents and teachers, plus other members of the nursery community.

## Events

- Pathways for lifelong learning (For new applicants)
- Stay and Play (for all families with children aged 0-2 years old)
